

Horizontal Directional Drilling for Engineers and Managers

Come a few days early and attend the NASCAR SUBWAY Fresh 500™ at Phoenix International Raceway OR enjoy one of the many fine area golf courses

Contributing Sponsors:

Calling all engineers and managers interested in learning about Horizontal Directional Drilling. This two day course combines classroom and hands-on field experience in operating HDD equipment to give a new perspective on HDD. All participants will earn 1.5 Continuing Education Units (CEUs).

When: April 24th & 25th 2006
Where: Vermeer Sales Southwest Training Facility
55 South 56th Street
Chandler, AZ 85226

For more information contact:
Rachael Lugo 480-965-9285
